Variable speed.	Ease of matching conveyor speeds and flexibility.
PID temperature controls.	Accurate and consistent sealing temperature.
Easy lift front cover.	Quick access to all components.
Mobile base and gas strut adjustable pedestal.	Simple set up and adjustment.

"The machine has been received and is running. It is now a true lifesaver ! We have most recently secured a large government contract and the sealer is now in use 6 days a week from 7 AM until 9 PM. It has proven to be reliable and not only meets but exceeds my expectations in reliability, ease of use and speed of production. I would recommend the sealer to anyone who needs a durable and efficient piece of equipment."
Jean-Claude R. Drui, Euram Incorporated
